2015 - present

Arhiepiscopia Vadului, Feleacului si Clujului I Cluj-Napoca

Sales representative

• I was tasked with managing and organizing various aspects of the business, including sales, orders, supplier relations and client consultation. My duties extended to meticulous documentation and maintaining comprehensive records within our databases.

2022

Lynx Solutions | Tg. Mures | Remote

PHP Developer / Laravel/Tailwind

- During my summer internship at the company, I honed my skills in PHP backend development, MySQL, learned to work with the Laravel framework, Tailwind CSS, and also frontend development.
- I played a key role in shaping the database structure, crafted both backend and frontend components for the administrator section of our project and I implemented transactional functionalities to enhance project integrity and reliability.
